INTRODUCTION

R. L. POLK & CO., publishers of the Chico and Oroville City Directories, as well as more than 750 other city, county, state and national directories, present to subscribers and the general public, this, the 1953-54 edition of the Chico and Oroville Directory, which also includes a Directory of the rural free delivery box holders on routes which are pivotal from the Chico and Oroville Post Offices.

Confidence in the continued growth of Chico and vicinity's wealth, industry and population, and in the advancement of its municipal and social activities, will be created as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Chico, Oroville and vicinity to the world.

The enviable place occupied by R. L. Polk & Co.'s Directories in offices, stores, libraries and homes throughout the country, has been established by rendering the best in Directory service. With an unrivaled organization, having the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Chico and Oroville Directory will fulfill its mission as a source of authentic information pertaining to the community.

Six Major Departments

The six major departments are arranged in the following order:—

THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns is included in pages 17 to 280, on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Chico and vicinity, and the name, official personnel, nature and address of each firm and corporation. A similar list for Oroville is included in pages 387 to 513.

THE CHICO DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE, covers pages 281 to 364, on pink paper. In this section the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of tenant-owned homes and the designation of homes and places of business having telephones. A similar section for Oroville appears in pages 517 to 553.

THE BUYERS' GUIDE, preceding the Classified and separately paged from 1 to 56, on goldenrod paper, contains the advertisements of leading manufacturing, business and professional interests of Chico and Oroville. The advertisements are indexed under headings descriptive of the business represented. This is reference advertising at its best

and, as such, merits a survey by all buyers anxious to familiarize themselves with sources of supply. In ambitious and progressive communities like Chico and Oroville the necessity of having this kind of information immediately available is obvious. General appreciation of this fact is evidenced by the many reference users of this City Directory service.

THE RURAL ROUTE DIRECTORY, pages 365 to 379, on white paper, includes the box holders on the rural routes served by the Chico Post Office. A similar list for Oroville is found on pages 557 to 576.

THE CLASSIFIED BUSINESS DIRECTORY is included in pages 663 to 699, on canary paper. This department lists the various manufacturing, mercantile and professional interests of Chico and Oroville in alphabetical order under appropriate headings. This feature constitutes an invaluable and indispensable catalog of the numerous interests of the community. The Directory is the common intermediary between buyer and seller. As such it plays no small part in the daily activities of the commercial and professional world. More goods are bought and sold through the Classified Business Directory than through any other medium.

THE NUMERICAL TELEPHONE DIRECTORY for Chico and Oroville appears opposite page 700, on blue paper.

Community Publicity

The Directory reflects the achievements and ambitions of the community, depicting in truthful terms what it has to offer as a place of residence, as a business location, as an industrial site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference and serve as perpetual and reliable advertisements of Chico, Oroville and vicinity, for business men, everywhere, realize that the City Directory represents a community as it really is.

The Chico Directory Library

Through the courtesy of the publishers of the Chico and Oroville Directory, a Directory Library is maintained in the offices of the Chico Chamber of Commerce for free reference by the general public. This is one of the more than 600 Directory Libraries installed in the Chief Cities of the U. S. and Canada by members of the Association of North American Directory Publishers, under whose supervision the system is operated.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

R. L. POLK & CO.,

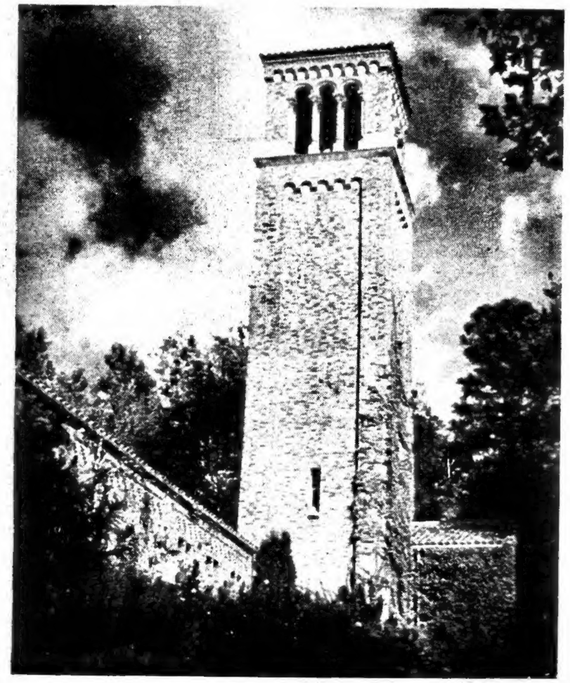
Chico is located in Sacramento Valley, 100 miles north of Sacramento; 176 miles north of San Francisco on scenic U. S. Highway 99E. Entrance to Lassen National Park, via Deer Creek Highway. Founded in 1849 by General John Bidwell, California pioneer, congressman and candidate for president in 1892 when he purchased the entire Rancho Chico.

Growth has been rapid, exceeding the average increase of the State in the last decade. Chico is center of rich agricultural district. Annual yield for all crops for 1950 exceeded $55,000,000.00. According to Sales Management 1952 Survey Chico's purchasing power is 67% above that of an average community. The figures show that the average Chico family have an average net income of $5,183.00. This income, which totaled better than $21,000,000.00 in Chico was translated in purchases $34,624,000 in the local retail stores. The excess of sales over income shows that Chico is the trading center for a large surrounding area.

Chico is rapidly becoming industrialized due to the excellent industrial sites available and easy access to 2 railroads, freight lines.

With an average mean winter temperature of 45 to 50 degrees and an average mean summer temperature of 70 to 75 degrees, Chico has one of the finest climates in California. The cool nights in summer and the relatively low humidity makes sleeping in the open air a joy the year round. During the warmer weather of July and August, a few minutes' ride into the mountains will bring you to cool camp sites among the pines and excellent trout fishing.



Chico State College had an enrollment of more than 1300 students for the Sept., 1951 School term.

SIR JOSEPH HOOKER OAK. Circumference eight feet above the ground, 28 feet 3 inches; height of tree, 96 feet; spread of north and south branches, 153 feet; diameter of trunk, 10 feet; approximate age, 1,000 years.

Forty-five minutes' driving will take you to the summit and the snow line.

Water supply from deep wells; given highest rating by California State Board of Health.

Business district all paved; paved area in residence districts.

Rainfall averages 24 inches annually.

Altitude 210 feet; low humidity.

Six good hotels.

Two banks with combined deposits of over 25 million dollars.

Five excellent public camp grounds for tourists.

Retail and wholesale trade center for California territory north of Sacramento. Thirty-four cities and communities within a 50 mile radius of Chico.

Location of Pacific Coast Headquarters Diamond Match Co., large match factory and other wood working factories operating 68 retail yards in California; four large fruit and nut packing plants; Sacramento Northern Shops; several mills and wholesale distributors.

Big almond, apple, apricot, orange, walnut, and rice growing center. Value of these crops over $16,000,000. There are 40,626 acres in Butte County planted to rice, producing over $11,000,000 yearly.

Southern gateway city to Lassen Volcanic National Park and Northern California mountain resorts, via Deer Creek Highway.

Federal Post Office building erected at cost of $100,000 in 1915. Post Office has rank of first-class office.

Modern, paid fire department, completely motorized.

Eleven grammar school buildings; excellent school system.

$800,000 high school with largest campus in California, 55 acres, developing Junior College of Agriculture.

California State College drawing students from all parts of Northern California. Training School in connection with College.

Chico is the largest city in North Central California because of its geographical location in the center of 33 cities and communities surrounding it within a radius of 50 miles.

For further information regarding the Chico District, address or inquire at the office of the Chico Chamber of Commerce, 513 Main Street, Chico.

Directory of Householders, Occupants of Office Buildings and Other Business Places, Including a Complete Street and Avenue Guide
1953-54

Copyright, 1954, by R. L. Polk & Co. of California

In the following list the numbered streets are arranged in numerical order followed by the named streets in alphabetical order, the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupants or houseowners or tenant. In the business blocks containing offices the occupants are shown by room numbers where practicable, in apartment homes the number denotes the number of the apartment. In all streets both sides of the street are included in one list. The profession or business of individuals or firms is given only at their respective place of business; to find occupation of others refer to Alphabetical List of Names.

The symbol ◎ following a householder's name indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes no responsibility for errors can be or is assumed, nor can the publisher furnish further information than that shown.

Telephone numbers, as supplied to us on our canvass are shown opposite names.

The numerals that appear at right edge of columns, ahead of street descriptions and some street intersections, are merely for the guidance of the publishers, and have no other significance.

This section includes some listings reading "No Return." In each case the Publishers tried diligently, by various means, to obtain the information for the occupants but were unsuccessful. First, two personal calls were made by an enumerator; next, a double postal card was mailed and the telephone used when possible.

Directory of Householders, Occupants of Office Buildings and Other Business Places, Including a Complete Street and Avenue Guide
1953-54

Copyright, 1954, by R. L. Polk & Co. of California

In the following list the numbered streets are arranged in numerical order followed by the named streets in alphabetical order, the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupants or houseowners or tenant. In the business blocks containing offices the occupants are shown by room numbers where practicable, in apartment homes the number denotes the number of the apartment. In all streets both sides of the street are included in one list. The profession or business of individuals or firms is given only at their respective place of business; to find occupation of others refer to Alphabetical List of Names.

The symbol ◎ following a householder's name indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes no responsibility for errors can be or is assumed, nor can the publisher furnish further information than that shown.

Telephone numbers, as supplied to us on our canvass are shown opposite names.

The numerals that appear at right edge of columns, ahead of street descriptions and some street intersections, are merely for the guidance of the publishers, and have no other significance.

This section includes some listings reading "No Return." In each case the Publishers tried diligently, by various means, to obtain the information for the occupants but were unsuccessful. First, two personal calls were made by an enumerator; next, a double postal card was mailed and the telephone used when possible.

FABULOUS FEATHER RIVER REGION

(Courtesy Chamber of Commerce)

Statistical Review

Form of Government—Chartered City with Mayor and 6 Councilmen.

Population—Corporate limits 5,345—within 2½ mile radius from center of the City 19,154 (1950 Census). Trade Area 30,000.

Altitude—175 feet above sea level.

Climate—Mean annual temperature 61.5 degrees F.

Average Annual Rainfall—27.52 inches.

Assessed Valuation—$10,019,520.

Banks—Bank of America, N. T. & S. A.; First National (local).

Tax Rate—$1.55.

Telephones in Service—4,500 (1951).

Post Office Receipts—$141,867.29 (1952).

Churches, Organizations—23 churches of various denominations. Organizations and clubs—fraternal, veterans, social, welfare, community, improvement, civic, labor, etc.

Hotels—Five with accommodations for 250. 30 Motels and Trailer Courts.

Libraries—City and County.

Newspapers—Two. Oroville Mercury-Register (daily); Oroville Press (weekly).

Radio Station—KMOR.

Education—4 elementary schools and Union High School.

Industries—Lumbering; Wood Processing; Wholesale and Retail Trade; Slaughter House and Meat Packers; Olive Processing; Olive Packing; Olive Oil Plants; Olive Grower's Co-operative Plants; Dairies; Poultry; Canneries; Western Pacific Railroad Shops; Mining; Rock Crushing Plants; Fruit Packing; Citrus Grower's Association; Pencil Factory.

Public Utilities—Pacific Gas and Electric Company supplies natural gas and electricity; California Water Service, domestic water; Pacific Telephone and Telegraph Company —4,500 installations; Oroville-Wyandotte Irrigation District, Thermalito Irrigation District deliver both irrigation and domestic water from the mountain sources of the Feather River and its branches to serve 7,200 acres tributary to Oroville.

Sewage Disposal—Area within the corporated limits and the district south of the city are served by sanitary sewer in conjunction with disposal plants.

Mosquito Control—Abatement District supported by county taxation.

Industrial Sites and factories strategically located are available for both small and large industries. There is a

stable supply of skilled and unskilled labor, many of whom are property owners living in the city or on small suburban acreages. (The Poultry Industry is now established on a firm basis and expanding rapidly). Unlimited opportunities exist in the Oroville area for further development.

Transportation—The Feather River Highway No. 24—the only all year snow-free route across the mountains of Northern California. Western Pacific Railroad, main line; Southern Pacific Railroad, branch line; Sacramento Northern Railroad, branch line; Johnson freight line; Gibson Bus Lines; Pacific Greyhound Lines, transcontinental service; Oroville Transit Lines; Southwest Airways service at Municipal Airport. Oroville lateral of U. S. Highway 99E. 1,368.04 miles of county roads.

OROVILLE DISTRICT

The City of Oroville, County Seat of Butte County, is the western gateway to the all-year Feather River Highway U. S. 40 Alternate and Fabulous Feather River Recreational region.

Location—472 highway miles north of Los Angeles, 157 highway miles northeast of San Francisco, 81 highway miles north of Sacramento, 153 highway miles northwest of Reno.

Topography, climate, rainfall—On the floor of the east edge of the Central Sacramento Valley. Bounded on the east by the foothills of the Sierra Nevada and on the north and west by the Feather River. Valley is flat-rolling agricultural land. Climate is semi-tropical. Summer is tempered by downdraft breezes from mountain passes. Mean annual temperature 61.5° F. Average annual rainfall 27.52 inches. Air currents flowing down the Feather River Canyon dispel fog. Altitude 175 feet.

Agriculture—Practically all major foods are grown in this district. Oroville is noted for producing the earliest navel oranges and processing more olives in this area than in any other region in the U. S. Other products are lemons, peaches, figs, prunes, melons, almonds, walnuts, apples, pears, berries, numerous small fruits, rice, wheat, barley, beans, peas and forage crops. U. S. government records show an average of 256 growing days per year.

Stock raising, dairying, poultry—Extensive cattle and sheep raising in the mountains east and north of Oroville. Large dairy herds and hogs in the lower valley areas west. Poultry and turkey raising is general throughout the district.

Industries—Lumbering; Wood Processing; Wholesale and Retail Trade; Slaughter House and Meat Packers; Olive Processing; Olive Packing; Olive Oil Plants; Olive Grower's Co-operative Plants; Dairies; Poultry; Canneries; Western Pacific Railroad Shops; Mining; Rock Crushing Plants; Fruit Packing; Citrus Grower's Association; Brick Manufacturing.

Medical Service—13 Physicians; 8 Dentists; 3 Optometrists; 1 Oculist; 4 Chiropractors; 1 Osteopath; 3 Veterinarians; 2 Hospitals (Butte County Hospital and Oroville-Curran Hospitals); 3 Rest Homes; 1 Clinic.

Recreation—Municipal Auditorium, located in the center of the business district and available for all types of recreational functions. Two theatres, air-conditioned; 1 Drive-in theatre. 3 municipal parks—the most extensive

"Bedrock" along the Feather River with life guard service and bath houses. Bidwell Bar State Park, 9 miles from Oroville, picnic grounds, swimming. 4 Athletic Fields; Night Baseball Games during the summer; Municipal Tennis Courts; City Recreation Director; Municipal Scout Building; Oroville has one of the finest smooth water motor-boat courses in Northern California. 600 miles of trout fishing streams empty into the Feather River, forming the North and West boundaries of Oroville. Feather Falls—with its drop of 640 feet, second highest falls in the State, within 20 miles of Oroville.

Water Resources

The greatest undeveloped source of water remaining in the Central Valleys is the Feather River. The 1951 California State Legislature has authorized construction of the Oroville Dam at an estimated cost of $450,000,000 as the key unit of the California Water Plan. However, the U. S. Bureau of Reclamation is continuing its study of all phases of the project and will submit a report. This multiple-purpose dam at the Oroville site will: Provide a full irrigation water supply for ultimate development of all the irrigable agricultural lands of Butte County and the Feather River service area; Provide large quantities of water in excess of the ultimate requirements of the Sacramento Valley for export to many other water deficient areas; Provide flood control; Provide a large hydro-electric power plant for the generation of low cost power for pumping plants for municipal and industrial use; Provide recreational facilities on the Feather River below the dam for the protection and propagation of fish life; a large lake near Oroville for fishing, sailing, motor boating and swimming.

FOR THE FUTURE — HUGH DEVELOPMENT PROJECTS ON FEATHER PROMISE GREAT ACTIVITY

State Studies on Big Dam Now Are Near Completion

Oroville and the Feather River occupy the center of the stage in the west's interest in water and power as the result of a number of plans that have been drawn up. These have progressed to various stages of development.

Oroville Dam

The biggest single project—construction of Oroville Dam at an estimated cost of $450,000,000 has been authorized as a State of California enterprise. The state engineer's office has expended $800,000 appropriated by the legislature to complete studies of the Dam and appurtenant installations as the central feature of a vast plan that ultimately would provide water for transportation to San Diego county 527 miles, including a trans-Tehachapi lift—with the State Engineer's request for an additional $750,000 approved by the 1953 State Legislature being used as follows:

$200,000 for topographical maps for conduit routes and field surveys; $200,000 for preparation of plans, designs, and cost estimates; $175,000 for negotiation of contracts with persons whose property would be affected by the project; $125,000 for negotiation of contracts for water delivery and

disposal of electric power and $50,000 to prepare and print a report on the project.

Plans for state construction of the dam have progressed so rapidly that the U. S. Bureau of Reclamation has withdrawn from the stream, and has made its data, compiled through years of study and exploration, available to the state. The Bureau also has made a formal statement to the effect that it will make necessary sites on government lands available to the state.

The proposed multiple-purpose dam at the Oroville site would provide power, water for irrigation, and flood control. Wonderful recreational opportunities would be an attractive by-product.

Oroville-Wyandotte

Even farther advanced than the "big dam" is a locally projected development by the Oroville Wyandotte Irrigation District on the South Fork of the Feather. This project to cost about $30,000,000 has received a federal license calling for construction to be completed within five years. Two power plants would be constructed, together with storage, and enough water captured to irrigate many thousands of acres adjacent to Oroville. Financing will be through revenue bonds, with the power, sold to a public utility, providing the money.

Pacific Gas & Electric Co.

The Pacific Gas & Electric company, already operating 5 power houses on the Feather River, has applied for federal licenses to construct 4 more generating plants. This work, a vital part of the utility's big development program, will cause many millions of dollars to be sent in the area just up the river from Oroville, and will make the waters of the North Fork of the Feather unusually productive in hydroelectric power. Some of the waters of the stream will go through as many as 7 powerhouses before reaching the floor of the valley.

Middle Fork

The Middle Fork is the site of a fourth major development, and here at least two major developers are in the midst of planning for construction estimated to cost about $100,000,000. Both the Pacific Gas & Electric Company and the Richvale Irrigation District seek federal approval to carry on full studies of the power laden course of the Middle Fork. Both would develop large amounts of electrical energy. The Irrigation District, however, is primarily interested in augmenting its supply of water to irrigate its thousands of acres of fertile crop lands west of Oroville.

Statistical Data on Oroville Dam and Feather River Project Major Units

Oroville Dam and Reservoir

Height of Dam above stream bed, 710 feet
Capacity of Reservoir, 3,500,000 acre feet
Crest of Dam, 5,700 feet long
Volume of Concrete in Dam, 13,800,000 cubic feet
Flooded area in Reservoir, 15,450 acres
Length of Shore Line, 150 miles

Power Plant

Installed capacity, 440,000 kilowatts
Maximum head, 703 feet
Design head, 558 feet
Average annual output (including afterbay plant), 1,750,000,000 k.w.h.

WHAT THE PROJECT WILL DO

1. Provide a firm water supply 970,000 acre feet annually for 322,000 acres of irrigable land in the Feather River service area.
2. Reduce flood flows from a maximum of 230,000 second feet to 50,000 to 100,000 sec. ft., giving flood protection to land valued at $340,000,000.
3. Produce a billion and three-quarters of kilowatt hours of electrical energy.
4. Provide water for a constant diversion of 3,930 second feet at the Sacramento-San Joaquin Delta. This equals 2,845,000 acre feet annually.
5. Supply 127,000 acre feet of water annually to Santa Clara and Alameda counties.
6. Supply 945,000 acre feet annually to the west side of the San Joaquin Valley-Fresno, Kings and Kern counties.
7. Supply 1,773,000 acre feet annually to areas in Southern California extending as far south as San Diego county.

CITY DIRECTORY
ADVERTISING
IS *National* ADVERTISING

★ Each edition of your City Directory is widely distributed to free-reference City Directory Libraries located at the Chambers of Commerce of hundreds of other cities.

★

Therefore your ad in the City Directory is seen by buyers from coast-to-coast

Out of Sight - Out of Mind
★ *Out of Business* ★

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

★

The City Directory is the natural medium for keeping a business or product name in the spotlight. ***Insist on being well represented in its pages.***

OROVILLE
Directory of Householders, Occupants of Office Buildings and Other Business Places, Including a Complete Street and Avenue Guide
1953-54

Copyright, 1954, by R. L. Polk & Co. of California

In the following list the numbered streets are arranged in numerical order followed by the named streets in alphabetical order, the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupants or houseowners or tenant. In the business blocks containing offices the occupants are shown by room numbers where practicable, in apartment homes the number denotes the number of the apartment. In all streets both sides of the street are included in one list. The profession or business of individuals or firms is given only at their respective place of business; to find occupation of others refer to Alphabetical List of Names.

The symbol ◎ following a householder's name indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes no responsibility for errors can be or is assumed, nor can the publisher furnish further information than that shown.

Telephone numbers, as supplied to us on our canvass are shown opposite names.

The numerals that appear at right edge of columns, ahead of street descriptions and some street intersections, are merely for the guidance of the publishers, and have no other significance.

This section includes some listings reading "No Return." In each case the Publishers tried diligently, by various means, to obtain the information for the occupants but were unsuccessful. First, two personal calls were made by an enumerator; next, a double postal card was mailed and the telephone used when possible.

Out of Sight - Out of Mind
★ *Out of Business* ★

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

★

The City Directory is the natural medium for keeping a business or product name in the spotlight. ***Insist on being well represented in its pages.***

Names Appearing in Black Letters

IN THIS DIRECTORY are the names of those people who ACCOMPLISH THINGS and are entitled to favorable consideration, if for no other reason than their public-spirited support of measures which make for progress. They represent that ENERGY AND PUSH so essential to the commercial prosperity of the City, and in dealing with them no mistake will be made. The publishers are honored in thus making them better known to the public.

CAUTION . . . . .

★

Pay no money in advance to itinerant Directory Canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of the publisher of this City Directory printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take advance payment for either advertising or subscriptions.

CASHIERS! TELLERS! CLERKS!

Do your employers furnish you with the latest edition of the City Directory?

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

Features and Departments of a City Directory

Your new, improved City Directory is the most complete and comprehensive catalog ever published of the inhabitants, business concerns and institutions of your city. It is much more than just an alphabetical list of names and addresses.

Your City Directory Contains:

1 An *Alphabetical* list of names and addresses of every resident, business concern and institution, plus wife's name and if a widow the deceased husband's initial, and the occupations of all. Principal officers or owners and a description of businesses are included as well.

2 A *Householders' Directory* including a Street and Avenue Guide. This section lists every street and where intersecting streets appear. It lists numerically every location on each street, naming the householder or business at each number and whether the person is a homeowner or renter and if he has a telephone. Similar information is provided on office and public buildings and their occupants.

3 A *Classified Business Directory*—listing every business, classified as to type, and showing names and addresses. It also lists every profession, club, society and association, hospital and cemetery, labor organization, library, park and playground and school.

4 A *"Yellow Section" or Buyers' Guide*, where the advertiser may explain in greater detail the services or products he has to offer.

5 A *Statistical and Historical Story* of your city; plus miscellaneous other information.

Typical Questions

Your City Directory Will Answer

ABOUT AN INDIVIDUAL

How does he spell his name?
What is his middle initial?
Is he married? What is his wife's name?
Where does he live?
Does he own his home or rent?
Has he a telephone?
Who are his neighbors?
What does he do for a living?
Where does he work?
Is he the "head of the house" or a resident?
Does he own a business? Is he a member or officer?
Who else is in the same business or profession?
Is the woman single, married or a widow?

ABOUT YOUR CITY

What is the city's history?
What are the latest population figures?
What is the latest statistical and general civic information?
What are the leading industries and activities of the city?
What are the names and locations of the schools?
What are the churches and where located?
Who are the pastors of the churches?
What are the locations of the hospitals, homes and asylums?

ABOUT A LOCALITY

How is the quickest way to get there?
Who lives at a given address?
Is there a telephone at the address or nearby?
What is the character of the neighborhood?
Is it a "home-owners" section?
What is the nearest street corner?
What is the nearest store, church, school, garage, shopping center, parking lot, etc.?
Where are the public and office buildings?
If it is a business location, what business?
If an office building, what firms or professional people are in what rooms?

ABOUT A BUSINESS CONCERN

What is the nature of the business?
What is the correct name and address?
Is it a Proprietorship, Partnership or Corporation?
Who are the partners, owners, or officers?
Who else in same or similar lines?

Don't Contribute to Counterfeiters

KNOW YOUR MONEY!

Don't Be Fooled by Forgers

KNOW YOUR ENDORSERS!

The Government never redeems counterfeit money!

1. KNOW YOUR MONEY! Study the bills you receive so as to become familiar with the workmanship on them, especially in the portraits.

2. COMPARE a suspected bill with a genuine of the same type and denomination. Observe these things:

PORTRAIT — *Counterfeit*—Dull, smudgy, or unnaturally white, scratchy; oval background is dark, lines irregular and broken. Portrait merges into the background.

Genuine—Stands out distinctly from the oval background. Eyes appear lifelike. Background is a fine screen of regular lines.

COLORED SEAL — *Counterfeit*—Saw-tooth points around rim are usually uneven, broken off.

Genuine—Saw-tooth points around rim are even and sharp.

SERIAL NUMBERS — *Counterfeit*—Poorly printed, badly spaced, uneven in appearance.

Genuine—Figures firmly and evenly printed, well spaced.

PAPER — *Counterfeit*—Generally has no silk threads, but these may be imitated by very small red and blue ink lines.

Genuine—Printed on distinctive paper in which very small red and blue silk threads are scattered. The silk threads are not always noticeable on bills that are badly soiled or worn.

3. RUBBING a bill on a piece of paper will *not* prove it is genuine or counterfeit; ink can be rubbed from good bills as well as bad ones.

4. CONSULT an experienced money-handler or police officer to make sure, if you are still in doubt, whether a bill is genuine or counterfeit.

5. REMEMBER, NOT ALL STRANGERS ARE COUNTERFEITERS, BUT ALL COUNTERFEITERS ARE LIKELY TO BE STRANGERS.

This information is reprinted from the U. S. Secret Service 32-page booklet, "KNOW YOUR MONEY", which tells how to detect counterfeit coins and bills and how to guard against losses from forged Government checks. Copies may be purchased for 10c each, or $7.50 per 100, from the Superintendent of Documents, Government Printing Office, Washington, D. C.
